VI. Statement of Claim

State every ground on which you claim that one or more of the Defendants violated your federal constitutional rights. For example, if you have an excessive force claim and a denial of medical care claim, you must fill out a separate section for each different claim. This section should be limited to the facts of your claim.

With respect to each claim, briefly describe the actions taken by each Defendant who you believe was involved in violating your rights. Include also the names of other persons involved, dates and places. Do not give any legal arguments or cite any cases or statutes. (Use as much space as you need. Attach extra sheets if necessary.)

Claim Number # 1:

Type of Claim (for example, excessive force, denial of medical care, etc.):

Denial of Medical Care in violation of the 8th and 14th Amendments of the United

States Constitution under USC 42 § 1983

Date of the Occurrence: Continuous, March 2017 to Present, and numerous occurrences

Name of Each Defendant involved: Wellpath, LLC; Dr Thomas Daniel;

Dr Jeffrey Steve

Describe the acts or omissions of the Defendant(s) that form the basis for Claim #1 and any harm caused by it.

Each of the Plaintiff's, individually and in conjunction, by independent decision and by custom and practice, on occasions to numerous to list separately, and at times for continuous periods, from March of 2017 until the present without cessation, acted willfully and with deliberate indifference to deny the Plaintiff needed and prescribed medical care, medications, treatments, disability assist devices and hygienic necessities.

With regard to Claim #1, are you suing Defendant(s) in his or her: (check the appropriate blank)

official capacity only (An official capacity claim is the same as suing the governmental entity this Defendant works for and requires proof that a custom or policy of the governmental entity caused the alleged violation).

personal capacity only (A personal capacity claim is one that seeks to hold an individual liable for his own actions taken in the course of his duties).

both official and personal capacity

If you are asserting an official capacity claim, please describe the custom or policy that you believe caused the violation of your constitutional rights.

The customs, policies, procedures and practices of Wellpath, LLC, as implemented by Drs Daniel and Steve and other Wellpath employees unnamed in this action contributed to, encouraged, allowed or overtly caused the denial of aforementioned medical care.

Claim Number # 2:

Type of Claim (for example, excessive force, denial of medical care, etc.):

Retaliation in violation of the 1st Amendment to the United States Constitution

Date of the Occurrence: March 2017 to present, continuous; numerous events

Name of Each Defendant involved: Wellpath, LLC; Dr Thomas Daniel; Dr Jeffrey Steve

Describe the acts or omissions of the Defendant(s) that form the basis for Claim #2 and any harm caused by it.

Defendants Daniel and Steve intentionally and knowingly denied Plaintiff necessary medical care, treatment, medications, assist devices and hygienic needs that in practice is condoned by and encouraged by Wellpath LLC.

With regard to Claim #2, are you suing Defendant(s) in his or her: (check the appropriate blank)

official capacity only (An official capacity claim is the same as suing the governmental entity this Defendant works for and requires proof that a custom or policy of the governmental entity caused the alleged violation).

personal capacity only (A personal capacity claim is one that seeks to hold an individual liable for his own actions taken in the course of his duties).

both official and personal capacity

If you are asserting an official capacity claim, please describe the custom or policy that you believe caused the violation of your constitutional rights.

The corporate customs and practices of Wellpath, LLC, allows, turning a knowing blind eye to such retaliation and actively attempts to undermine the redress option available to inmates.

Claim Number #3:

Type of Claim (for example, excessive force, denial of medical care, etc.):

Supplemental under the color of Arkansas State law

Date of the Occurrence: March 2017 to present, continuous; numerous events

Name of Each Defendant involved: Wellpath, LLC; Dr Thomas Daniel; Dr Jeffrey Stieve

Describe the acts or omissions of the Defendant(s) that form the basis for Claim #3 and any harm caused by it.

All actions and inactions noted in Claim #1 and Claim #2 above also, under Arkansas Code for Negligence and Malpractice, in every occurrence and respect substantiate the pendant claim.

With regard to Claim #3, are you suing Defendant(s) in his or her: (check the appropriate blank)

official capacity only (An official capacity claim is the same as suing the governmental entity this Defendant works for and requires proof that a custom or policy of the governmental entity caused the alleged violation).

personal capacity only (A personal capacity claim is one that seeks to hold an individual liable for his own actions taken in the course of his duties).

both official and personal capacity

If you are asserting an official capacity claim, please describe the custom or policy that you believe caused the violation of your constitutional rights.

If you need more space for more claims, list the additional claims on another piece of paper, using the same outline.

VII. Relief

If you are seeking to recover damages from the named Defendants, check the appropriate blank or blanks below for the type or types of damages that you are seeking:

Compensatory damages (designed to compensate persons for injuries, such as physical pain and suffering, etc., that are caused by the deprivation of constitutional rights)

Punitive damages (designed to punish a defendant for engaging in misconduct and deter a defendant and others from engaging in such misconduct in the future)

State briefly below any other relief you are seeking in this action. Make no legal arguments. Cite no cases or statutes.

The Plaintiff further seeks Declaratory Relief that his rights were violated as claimed; Injunctive Relief to prevent its continuance and repetition; Plaintiff's costs in this action; and any additional relief the Court deems just and equitable to award.

I declare under penalty of perjury (18 U.S.C. § 1621) that the foregoing is true and correct.

Executed this 8th day of June 20 19.

Addendum to Complaint
of Jason Willard Bramlett Against Wellpath, LLC., Dr
Thomas Daniel and Jeffrey Stieve

Jason Willard Bramlett,
Plaintiff

v

Case no.

Wellpath, LLC., et al.,
Defendants

COMES NOW the Plaintiff, Jason Willard Bramlett with additional material, both procedural and informational, in supplement to his Complaint against Wellpath, LLC, Dr Thomas Daniel, and Dr Jeffrey Stieve.

I Background

The Plaintiff, Jason Bramlett, suffers from the progressive form of Multiple Sclerosis (MS) which is defined as "a demyelinating disease marked by patches of hardened tissue in the brain or spinal cord and associated with partial or complete paralysis and jerking muscle tremor" in addition to other spinal column issues: Lumbar ~~3-4~~⁽²⁾ 3-4 mixed osteophytes with complex disc protrusions; ~~3-4~~ L4-5 endplate spurs with posterior tear of intervertebral disc, protrusions and chondromalacia of facet joints; Thoracic 6-7 and 7-8 posterior disc bulge with degenerative disc disease; Cervical 3-4 osteophytes with neural foraminal narrowing; C4-5 osteophytes with degenerative disc disease. Doctors Khaleel and Atiq during the time herein in question were engaged by Wellpath to provide treatment to the Plaintiff for MS and the other spinal column issues. Plaintiff was also supported by the Spinal Cord Commission of Arkansas. Both doctors and the SCC continue to work with the Plaintiff. However, the treatment plans of Drs Khaleel and Atiq have been suspended or otherwise disregarded for periods up to months in duration despite the protestations of the Plaintiff, this

resulting in regression and relapse with significant increases in the debilitating symptoms experienced and in pain, at the hands of Wellpath, Daniel and Stieie. Moreover, they have repeatedly failed to provide needed and prescribe medications, medical authorization for hygienic supplies and needs in disturbing malicious indifference to Plaintiff's suffering based on financial and retaliatory motives. And in a further appalling act of escalating vindictive retaliation which truly shocks the conscience, Daniel ordered the Plaintiff's wheelchair — which is supplied by the Spinal Cord Commission, a state agency — confiscated which resulted in falls, missed meals and missed medications. On top of all else, the retaliatory denial of hygienic needs also resulted in urinary tract infections.

Of these issues in these multiple Claims there are far too many individual events (which could reach into the hundred's) to list separately, and thus the Plaintiff chooses not to try the Court's patience doing so.

II Affirmative Exhaustion

In an effort to ease the Court's workload and speed the litigation of this action, as the Plaintiff continues to suffer the injuries inflicted by the actions of Wellpath, Daniel and Stieie, the Plaintiff offers affirmative evidence that, in compliance with the PLRA, he has exhausted his administrative remedies as is required by the ADC grievance process in regard to these Claims and in multiple cases for each Defendant.

1. Attached to this Complaint as Exhibit 1 are nineteen grievances spanning (by date of final decision) from ~~6/20/16~~ June 19th 2017 until the present.

2. All 19 of these grievances completed the administrative process receiving an answer from Rory Griffin, Deputy Director for Health and Correctional Programs for ADC.

3. Wellpath (also identified as "medical" in some

grievances) has exhausted grievances concerning medications (OR-19-00357), treatments (OR-17-01851, OR-17-01956; OR-18-00160; OR-19-00356), hygiene (OR-17-00467; OR-18-00572, OR-18-00584), and retaliation (OR-19-00358).

4. Daniel has exhausted grievances concerning medications (OR-17-01460; OR-18-00172; OR-18-01469; OR-19-00357), treatments (OR-19-00356), hygiene and supplies (OR-17-00684; OR-17-00712), and retaliation (OR-19-00291; OR-19-00292; OR-19-00358).

5. Steve has exhausted grievances concerning medications (OR-17-01459; OR-17-01460; OR-19-00357), treatment (OR-19-00356) and retaliation (OR-19-00358).

6. Of the above (#3,4&5) there is overlap as more than one Defendant is listed in some grievances. Also, not listed, some of these grievances, as a secondary issue, also apply to other Claims: e.g. all retaliation grievances are *de facto* denial of care grievances also as the only means the Defendants have is denial of care.

7. All of these grievances attached also apply to Claim 3, the supplemental negligence and malpractice Claim as pendant under Arkansas state law.

III ADA

Under the Americans with Disabilities Act many of these actions would be actionable; however the Plaintiff chooses not to name ADC, which would be the proper Defendant, only due to the greatly increased complexity ~~and~~ added by such a claim.

Nonetheless, in that the named Defendants have, through their actions, denied Plaintiff accommodation and access, they in this respect ~~and~~ also deny him constitutionally protected medical care and other rights. The Plaintiff thus notifies the Court he does not with this filing relinquish the right, if he so chooses, to pursue such action at a later date.

IV Jury Demand

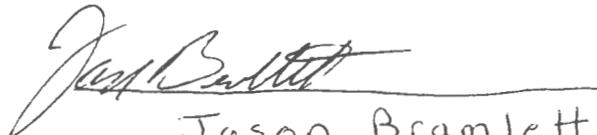

As the form preferred by the Court does not make provision for the Plaintiff, as a pro se prisoner litigant, to note or "check a box" to indicate his preference for a jury trial as guaranteed by the Seventh Amendment to the Constitution, ~~nor~~ under § 38(b)(1) Fed. R. Civ. Proc. notification requirement does so here; and thus demands a jury trial on all issues triable by jury.

WHEREFORE the Plaintiff respectfully prays the Court enter judgment granting all relief sought within this Complaint and Addendum.

Endnotes

1. Wellpath, LLC was for the bulk of the time covered by this action also known as Correct Care Solutions, LLC. For simplicity the name "Wellpath" will be used throughout.
2. Merriam-Webster's Collegiate Dictionary, 11th Ed. (2012)

I hereby verify the foregoing Complaint and Addendum are in all matters accurate to the best of my knowledge, and certify under penalty of perjury the foregoing is true and correct. ~~and correct~~
Respectfully submitted and signed on this 8th day of June, 2019.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On March 29, 2017, you grieved that you were denied your shower on this date. You state as soon as you sat down in the shower, the officer came in and told you to get out. You state you asked the officer if you were going to be called back for your shower, and Nurse Fletcher said "no" and that your shower was over. You state Mrs. Beasley says medical has nothing to do with showers; however, you state every time you have a problem with showering, it comes from the medical staff. You state it takes you longer to shower due to your MS. You state you only get to shower three times a week and they should not be able to take one of the days away.

The medical department responded, "You should be allowed to take a shower based on your script. The only assistance you require from medical staff is linens to shower. Emergencies in the hospital do take precedence over showers, but since you do not require medical personal's assistance, you should still be able to shower. This grievance is with merit, but resolved, based on medical staff education."

Your appeal states this has been happening for over two years. You state medical always says the problem is fixed, but it is not. You state you have even been refused at times when there were no medical emergencies.

The medical department found your grievance with merit and they are working to prevent this from occurring again; therefore, this appeal is without merit.

(619) On 03/29/2017, you submitted a grievance stating that on 03/29/2017 you went for your shower and had just sat down when the CO told you to get out. You state that you were told you would not be called back to shower, because Nurse Fletcher said that was your shower. You state you need extra time to get a shower due to your medical condition.

You should be allowed to take a shower based on your script. The only assistance you require from medical staff is linens to shower. Emergencies in the hospital do take precedence over showers, but since you do not require medical personal's assistance, you should still be able to shower.

This grievance is with merit, but resolved, based on medical staff education.

INMATE'S APPEAL

If you are not satisfied with this response, you may appeal this decision within five working days by filling in the information requested below and mailing it to the Deputy Director for Health & Correctional Programs along with the Unit Level Grievance Form. Keep in mind that you are appealing the decision to the original grievance. Do not list additional issues which were not part of your original grievance as they will not be addressed. Your appeal statement is limited to what you write in the space provided below.

WHY DO YOU DISAGREE WITH THE RESPONSE GIVEN ABOVE?

This has been happening for about 3 years I have been refused by Nurse Fletcher and as a result I only get 3 showers per week and I am on a bowel program and I need my showers. Medical HSA and Don/ACO are keep saying the problem is fixed but it is not. I have also been refused at times when there was no medical emergencies

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On August 24, 2017, you submitted an Informal Resolution against Dr. Stieve, stating that Dr. Stieve cannot treat someone he never spoke to. You state you have disc protrusions, DDD, other ortho issues with your back and MS. You state Dr. Stieve has agreed with neurologists for pain treatment.

The medical department responded, "Dr. Stieve is not responsible for your care primary care, however, review of your record indicates you have been ordered pain medication and various testing by the site provider who is responsible for your care. Because your medical records clearly indicate your pain is being addressed, your grievance is found without merit."

Your appeal states the offsite doctor has never seen you in person; therefore, he has no business altering your medications. You state your pain may be addressed; however, you are still in pain, which means your pain is not being properly addressed.

Although you did not provide sufficient information in order for your allegations to be properly addressed, I will say that as Regional Medical Director, Dr. Stieve is authorized to discontinue medications and recommend an alternative treatment plan that he deems appropriate and clinically indicated based on his medical judgment; however, the provider at your site can override that decision if he/she does not agree with the alternative treatment plan.

I encourage you to utilize the sick call process if you feel your current treatment plan is ineffective.

This appeal is without merit.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On August 23, 2017, you grieved that Dr. Stieve and Dr. Daniel took you off all of your pain medication. You state you have MRI reports to show all of the damage for which you have been being treated for. You state you have multiple issues with your back that have not been repaired and there is no fixing the MS. You state this is cruel and unusual punishment.

The medical department responded, "Review of your record indicates you are prescribed pain medication, therefore, your grievance is found without merit."

Your appeal states that just because you are prescribed pain medication, that does not mean the correct medication or dose is prescribed. You state you are still in pain.

You were seen by Dr. Daniel on August 22, 2017 who noted to stop Gabapentin per your request and he increased your Tramadol from twice daily to three times daily. Dr. Stieve, Regional Medical Director, discontinued the Tramadol and recommended that Dr. Daniel order Duloxetine instead. On August 28, 2017, Dr. Daniel ordered the Duloxetine and also ordered Baclofen.

Due to the delay in an alternative pain medication being ordered, this appeal is with merit but resolved. I encourage you to utilize the sick call process if you feel your current treatment plan is ineffective.

INMATE'S APPEAL

If you are not satisfied with this response, you may appeal this decision within five working days by filling in the information requested below and mailing it to the Deputy Director for Health & Correctional Programs along with the Unit Level Grievance Form. Keep in mind that you are appealing the decision to the original grievance. Do not list additional issues which were not part of your original grievance as they will not be addressed. Your appeal statement is limited to what you write in the space provided below.

WHY DO YOU DISAGREE WITH THE RESPONSE GIVEN ABOVE?

As noted in the body of your very brief Response
it is true I am RXed pain meds But AGAIN I Am
still in pain & over & over CCS providers ALT &
change my meds The simple RXing PAIN meds
DOES NOT mean the dosage is proper NOT Does it mean
THAT the proper med is Being RXED

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On October 30, 2017, you grieved that you have missed outside appointments that are necessary for your medical treatment. You state you have not been seen by the neurologist, and one of your CT tests were not completed due to the paperwork being messed up. You state ACI had to call the unit and get your appointment straightened out because Mrs. Hart messed that appointment up also. You state you need your MS treatment on time every four weeks.

The medical department responded, "A review of your medical jacket reveals that all appointments ordered have been completed. Some times appointments are delayed or rescheduled due to unforeseen circumstances. We apologize for any inconvenience that this may have caused. For this reason I find your grievance to be with merit/ resolved"

Your appeal states you still have not seen the neurologist. You state Mrs. Hart is making you suffer by delaying your treatment and keeping you from seeing your MS doctor, whom you state you were supposed to see on or around October 16, 2017.

Dr. Daniel submitted a consult on September 27, 2017 for you to have a CT of your Lumbar, Thoracic, and Cervical spine. According to your electronic Medical Record, all three CTs were completed October 27, 2017. According to your electronic Medical Record, you were seen at Arkansas Cancer Institute on October 16, 2017 for your infusion.

You were seen by Dr. Atiq on August 14, 2017 and he recommended a follow-up in four weeks and for you to be seen by Dr. Khaleel, neurologist, due to increasing symptoms. A neurology consult was submitted August 15, 2017 and it is noted that you had an appointment scheduled for September 11, 2017; however, you were seen by Dr. Atiq on September 11, 2017 for a follow-up. Dr. Atiq's notes state for you to have treatment every four weeks and to be seen by Dr. Atiq in eight weeks. The neurology consult was noted as being completed and it was closed out. According to notes from Arkansas Cancer Institute (ACI), you had an infusion on December 8, 2017. A new neurology consult was submitted January 8, 2018 and you have a pending appointment. You were seen at ACI on January 25, 2018; however, it is noted that you could not receive your infusion because you were not enrolled in the TOUCH program and that you must be seen by Dr. Khaleel.

You were referred to neurology on August 15, 2017 and have yet to be seen; therefore, this appeal is with merit.

WHY DO YOU DISAGREE WITH THE RESPONSE GIVEN ABOVE?

I still have not seen Dr. Kell Nero or at South AR NHO at white Hall. I am having trouble with Mrs Hart, this lady will not reschedule the appointment. She needs to be in a different position because she will not do the job or she just not smart enough to do it. This lady has been making me suffer by delaying my treatment and keeping me from seeing my (M.S) Dr. I was new to see him in October or close to the 10-16-17

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

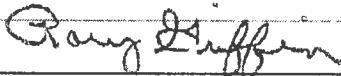

On November 14, 2017, you grieved that you were supposed to go for your MS treatment on November 13, 2017; however, the appointment was cancelled.

The medical department responded, "A review of your medical record indicates you had an appointment that was scheduled on 11/13/17 which was cancelled. There is no documentation as to why it was cancelled. You were seen however on 12/11/17. Due to the delay in you getting to your appointment, I find this grievance with merit, but resolved as you have been seen."

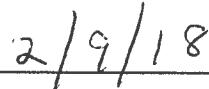

Your appeal states this issue is not resolved. You state you missed a treatment that you are supposed to receive every 28 days, but it has been messed up the last few months. You state you have another treatment coming up in about two weeks that will be messed up also. You state this shows neglect.

You were seen on December 8, 2017 for your treatment, not December 11, 2017 as stated in the medical department's response. Your infusions have been discontinued for the time being until you are seen by neurology, which you do have an appointment for.

The medical department found your grievance with merit and you were seen for your treatment; therefore, this appeal is without merit.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On January 24, 2018, you grieved that you are in need of your MS treatment. You stated you have been having relapses due to not having your infusions at the ACI Clinic.

The medical department responded, "A review of your medical record indicates you have experienced a delay in receiving your injections, but you are currently being treated. Due to the delay in your treatment, I find this grievance with merit, but resolved as you have been seen."

Your appeal states this is an ongoing issue. You state Dr. Daniels told you that you were lucky to be getting anything. You state you have had trouble getting your infusions ever since he started at this unit. You state you did have your infusion March 6, 2018, but that has nothing to do with the months you went without.

A review of your electronic Medical Record indicates there was a delay in you receiving your once a month infusions due to the fact that you were not enrolled in the TOUCH program. However, that has since been corrected, and you received your infusion March 6, 2018 and April 3, 2018.

The medical department found your grievance with merit and you have received your infusion as ordered since their response; therefore, this appeal is without merit.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On January 26, 2018, you grieved that Dr. Daniel refuses to help you. You state Dr. Daniel took you off of the medication that worked for your spasms, just to cause you pain and suffering. You state Dr. Daniel is not a neurologist and does not know the correct treatment for MS. You state Dr. Daniel even said in writing that you requested to be taken off of Gabapentin, which you state is not true. You state you are in fear for your life due to the things this doctor has said to you and by the way he treats you.

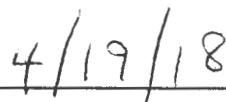

The medical department responded, " A review of your medical record does not indicate a recent request for gabapentin. If you feel you need this medication, please utilize the sick call process. I find this grievance without merit."

Your appeal states everything you stated is true. You stated this doctor will send you the dumbest things in writing. You state he has discontinued your medications or cut them to the point that the MS doctor in Pine Bluff said that it was inhumane or torcher. You question why you would request to be taken off your medications that are helping. You state you put in sick calls to get them back, but are told you are lucky to get anything.

A review of your electronic Medical Record indicates that prior to submitting your Informal Resolution, you were last seen by Dr. Daniel on November 28, 2017. According to the grievance policy, an inmate has 15 days after the occurrence of an incident to file a grievance. You submitted your Step One Informal Resolution past the allotted time to grieve this issue; therefore, the merits of your appeal will not be addressed at this time. I encourage you to adhere to the grievance policy.

that time the other 2 days get for the same thing I have (MS) I am Fearing
for my Health as well as my life under the care of this Dr. Because of
the way he has treated me and the things he said to me, this shows
he is saying and doing things to make me SUFFER. This Dr. is
not a real Dr. and is NOT Schooled in the right treatments of
MS. Dr. Daniels has even said in writing that I have requested
to Be TAKEN OFF Captops when that is not true at all. There
is paper work to back this up on my behalf. The said paper
work is sick calls as well as Informals (I am not at risk of
no one but this Dr and easy one that he has control over say one)

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On April 25, 2018, you grieved that you need to be able to shower when you are soiled. You stated you had to sit from April 18, 2018 until April 23, 2018 without a shower. You state you use the restroom on yourself and had to go five days smelling like urine. You state you need to shower in a cool shower. You state the hospital shower will not go on cold and is only hot.

The medical department responded, "You have been issued a shower script. I you feel your current script is not adequate, please utilize the sick call process so you can be evaluated by a provider. I find this grievance without merit."

Your appeal states you are still having trouble getting showers. You state three days per week does not solve the problem of soiling myself and not getting to shower when needed. You state you have submitted sick calls, but they are mailed back to you. You state you are told you need to clean up in the sink.

According to the grievance policy, an appeal cannot raise new or additional issues or complaints.

You were issued a restriction on March 23, 2018 to shower in the hospital on Mondays, Wednesdays, and Fridays. Your two restrictions prior to this restriction were also to shower in the hospital on Mondays, Wednesdays, and Fridays. A review of your electronic Medical Record indicates that prior to your Informal Resolution, you were last seen in sick call regarding the frequency of showers on February 23, 2017.

At the time of your Informal Resolution, you had the shower restriction your provider deemed medically indicated; therefore, this appeal is without merit.

INMATE'S APPEAL

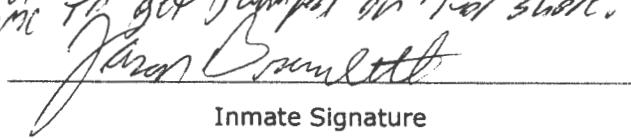

Deputy Director

Health & Correctional Programs

If you are not satisfied with this response, you may appeal this decision within five working days by filling in the information requested below and mailing it to the Deputy Director for Health & Correctional Programs along with the Unit Level Grievance Form. Keep in mind that you are appealing the decision to the original grievance. Do not list additional issues which were not part of your original grievance as they will not be addressed. Your appeal statement is limited to what you write in the space provided below.

WHY DO YOU DISAGREE WITH THE RESPONSE GIVEN ABOVE?

I am still having trouble getting showers 3 Days per week. Don't solve the problem of soiling myself and not get showers when needed. I have put in a lot of sick calls and there sent back to me in the mail. I have not seen the Dr yet only I am told I will and that I need to clean up in the sink in my BKS. This will cause me to get jumped on for short. That is where people brush their teeth.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On May 2, 2018, you grieved that you need a cool shower. You stated the hospital shower water is too hot, which is bad for your medical condition. You state that if there is an issue with you showering in SN-D, then please fix a shower to where you can take a cool shower. You state you also need to be able to shower when you are soiled.

The medical department responded, "It has been confirmed that the shower in the Hospital is not working correctly. Maintenance has been contacted and the matter will be addressed. Please utilize the Inmate Request Form process for issues such as this so they can be addressed in a timely manner. I find this grievance with merit."

Your appeal states the shower only goes on hot, and you cannot take hot showers due to your medical issues. You state you were placed in SN-D so that you could shower in an adjustable shower. You ask to be placed back in SN-D so that you can shower when you are soiled.

The issue regarding the frequency of showers was addressed in my appeal response to grievance #OR-18-00572, refer to that response.

You were advised in the medical department's response that the shower temperature issue was being addressed. My staff has been in contact with Mr. Kelley, HSA, and a plan was devised for you to be allowed to shower in the physical therapy area as their shower is adjustable. On July 2, 2018, you were issued a restriction to shower in PT at the discretion of ADC security.

The medical department found your grievance with merit, and you have been issued a restriction to shower in a shower that is adjustable; therefore, this appeal is without merit.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On May 22, 2018, you grieved that you need a restriction to shower daily. You stated you were seen by Dr. Daniel and you were soaked in urine and had a rash due to the urine. You state Dr. Daniels told you he would talk to a few people about you showering every day, but it has not happened. You state your M.S. doctor made a note that you needed a daily shower because you use in and out catheters along with not being able to control your bladder. You state this is unclean and will cause an infection.

The medical department responded, "This matter has been addressed with your medical providers at the unit and it has been determined this request is not a medical necessity. If you feel you need further evaluation, please utilize the sick call process at your discretion. I find this grievance without merit."

Your appeal states you soil yourself almost daily and Dr. Daniels tells you to wash your privates in the barracks sink. You state those sinks are used to brush teeth and wash faces and dishes. You state using the sink to clean yourself will cause you to get jumped on. You state you cannot use the shower in the barracks because you have medical restrictions. You state this makes you unclean and you have had a UTI for over a month now.

You were seen by Dr. Daniels on May 14, 2018 and he noted you self cath, you have pull-ups and you have access to a washcloth and water at all times. He noted no rash on genitals with minimal redness in left groin, and for you to continue to shower in the hospital shower three times a week so that you can control the temperature, and that your request for a daily shower restriction was denied as it was not medically necessary.

Dr. Daniels treated you as he deemed medically indicated based upon his medical judgment; therefore, this appeal is without merit.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On June 2, 2018, you grieved that Dr. Daniels said it is ok to sit around and soil yourself and not need a shower. You state this has caused you to get UTIs.

The medical department responded, "A witness statement obtained from Dr. Daniel denies your allegations. I find this grievance without merit."

Your appeal states sitting around soiled has caused you to keep a bad rash, and you have had a UTI for at least one month that turned to E. Coli. You state in order to use in and out catheters, you have to stay very clean in order to prevent these kinds of infections. You state being denied a shower when soiled is not the way to expect a good bill of health.

According to your electronic Medical Record, prior to submitting your Informal Resolution, you were last seen by Dr. Daniel on May 14, 2018. According to the grievance policy, an inmate has 15 days after the occurrence of an incident to file a grievance. You submitted your Step One Informal Resolution past the allotted time to grieve this issue; therefore, the issue and the merits of your appeal will not be addressed at this time. CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On July 1, 2018, you grieved that you were inappropriately charged a co-pay. You state you were charged two times for the same UTI. You state the medication you were given for the UTI did not work; therefore, you had to go back to sick call. You state you have the same UTI due to medical not allowing you to shower every day or when you soil yourself. You state this causes you to be unclean, which then causes the UTI. You state you should be refunded the \$6.00 for these reasons.

The medical department responded, "A review of your medical record and a discussion with Dr. Daniel reveals that your UTIs could be a result of your Chronic Care issue, but the exact cause is not definitive. Due to this fact, you will be refunded the copay charges in question. I find this grievance with merit."

Your appeal states you are still not getting to clean yourself as needed, which you state is the reason you have had all the UTI trouble. You state you would not have this issue if you were allowed to clean yourself as needed and have access to clean clothes as needed.

According to the grievance policy, an appeal cannot raise new or additional issues or complaints. Your issue regarding showers has been addressed in previous grievances, refer to those responses.

You were refunded the \$6.00 on August 9, 2018.

The medical department found your grievance with merit and you did receive your refund; therefore, this appeal is without merit.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On November 19, 2018, you grieved that Dr. Daniel is doing things in order to cause you harm or death. You stated Dr. Daniel told you during your chronic care visit that he was going to change your pill call times; however, he took you off your Ampyra and Tysabri instead. You state it is in the computer that you requested this, but you state you did not.

The medical department responded, "There is no indication that during your chronic care visit Dr. Daniel stated he would change your pill call times. Dr. Daniel did place an order for your Ampyra, but it was not approved by the Regional Medical Director. Your infusions were stopped due to your decision per Dr. Daniel, but you were consulted about this on 11/19/18 and they were started back. Due to the lack of documentation concerning the fact that you did not want to continue infusions, and the fact your Ampyra was not continued as you thought it would be and you were not told why, I find is grievance with merit. You will be called to the day Clinic and the discontinuation of your Ampyra will be discussed with you."

Your appeal states you need your medications. You state Dr. Daniel keeps taking you off your medications and saying you tell him to. You state this has happened a few times. You state he is doing this in order to harm you or make you suffer.

The medical department found your grievance with merit due to the lack of documentation regarding your request to stop the Tysabri infusions and the infusions have been started back; therefore, I will not address this issue.

You were seen by Dr. Daniel for chronic care on November 2, 2018 at which time he noted you reported not taking your medications due to the pill call times. You had an active, approved order for Ampyra 10 mg twice daily to be taken at AM and PM pill call. Dr. Daniel discontinued this order and submitted a new order for Ampyra 10 mg twice daily to be taken at the noon and bed time pill calls. However, the Regional Medical Director discontinued this order noting that studies show a slight increase in walking speed noted with this drug. The Regional Medical Director noted you have an AFO brace; therefore, walking faster may not be safe for you. The Regional Medical Director noted he needed to know more as to why walking more rapidly is needed. Ampyra is a non-formulary medication that requires approval by the Regional Medical Director who is authorized to discontinue medications as he deems medically indicated. A review of your electronic Medication Administration Record indicates you had been prescribed Ampyra since February 2018 and that the Regional Medical Director had approved the previous orders.

You were advised in the medical department's response that you would be called to the day clinic and the discontinuation of your Ampyra would be discussed with you; however, a review of your electronic Medical Record indicates that the discontinuation has yet to be discussed with you. A request has been made to your unit HSA to ensure you are scheduled with the provider for the next available appointment to discuss your Ampyra.

This appeal is with merit.

(608) Your grievance dated 11/19/18 has been received and reviewed. You grieved that at your last chronic care visit that Dr. Daniel said he was going to change your pill call times and that he took you off of your MS meds instead.

There is no indication that during your chronic care visit Dr. Daniel stated he would change your pill call times. Dr. Daniel did place an order for your Ampyra, but it was not approved by the Regional Medical Director. You infusions were stopped due to your decision per Dr. Daniel, but you were consulted about this on 11/19/18 and they were started back. Due to the lack of documentation concerning the fact that you did not want to continue infusions, and the fact your Ampyra was not continued as you thought it would be and you were not told why, I find is grievance with merit. You will be called to the day Clinic and the discontinuation of your Ampyra will be discussed with you.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On December 11, 2018, you grieved that Dr. Daniel cut your use of catheters in half. You state now you do not have enough; therefore, you are having to reuse the old ones. You state Dr. Daniel would not have cut the order in half if he had reviewed the latest report from your urologist. You state you already have an infection that you are having trouble getting rid of and using dirty catheters does not help. You state Dr. Daniel is doing this out of retaliation due to your use of the grievance process.

The medical department responded, "Dr. Daniel is not aware of the grievances you write, so he is not retaliating against you. Your current script allows for enough caths to perform an in and out 4 times per day. If you feel this is not adequate, please utilize the sick call process at your discretion. I find this grievance without merit."

Your appeal states you need at least eight catheters per day because you go to the restroom more than four times per day. You state the report from UAMS will support this. You state this "reject" is trying to harm or kill you.

Dr. Daniel issued you a restriction on November 2, 2018 for enough catheters for four times per day. Between the time you were issued the restriction and when you submitted your Informal Resolution, you were not seen in sick call for complaints of not having enough catheters. Per policy, you are past the allotted time frame to grieve this issue; therefore, the merits of your appeal will not be addressed at this time.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On February 27, 2019, you grieved Dr. Daniel is retaliating against you by taking your wheelchair. You stated you did not receive your medications on February 15-17, 2019 nor did you go to chow. You stated Dr. Daniel ordered Nurse Smarjesse to take your wheelchair without doing an exam or testing to justify this order. You stated Dr. Daniel is retaliating against you due to your multiple complaints against him.

The medical department responded, "A review of your medical record indicates that you were seen on 2/13/19 by Dr. Daniel and he informed you that he did not feel there was a medical necessity for your wheelchair at that time. A review of your Tramadol order shows you received it on 2/15 and 2/16. There is no record of you needing assistance from Medical during this timeframe due to not being able to walk. I find this grievance without merit."

Your appeal states Dr. Daniel's retaliation is evident.

You did not state a disagreement with the medical department's response; therefore, the medical department's response is upheld and this appeal is without merit.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

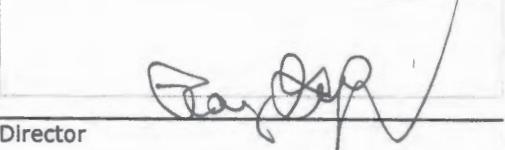

On February 26, 2019, you grieved Dr. Daniel took your wheelchair on February 21, 2019. You stated you have had a wheelchair since 2012 due to MS. You stated you have bouts of chronic pain and balance issues that have led to you falling when you do not have a chair.

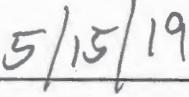

The medical department responded, "A review of your medical record indicates that you were seen on 2/13/19 by Dr. Daniel and he informed you that he did not feel there was a medical necessity for your wheelchair at that time. Medical Providers have the ability to make independent decisions based on clinical findings. I find this grievance without merit."

Your appeal states your wheelchair is provided by the Spinal Cord Commission and has been repeatedly confirmed at necessary by specialists. You state this was not a medical decision and there are no clinical records to support it.

You were seen for a follow up on February 21, 2019 concerning a UTI and left orchitis. He noted you were also being seen to temporarily remove your wheelchair. He noted there was no acute medical need and that it would be returned to the Spinal Cord Commission until you needed it again. He noted that you got out of your wheelchair with ease and walked out of the door with a stable gait following your exam.

You have been seen for your complaints and treated as deemed appropriate and clinically indicated based upon Dr. Daniel's medical judgment; therefore, this appeal is without merit.

INMATE'S APPEAL

Deputy Director
Health & Correctional Programs

If you are not satisfied with this response, you may appeal this decision within five working days by filling in the information requested below and mailing it to the Deputy Director for Health & Correctional Programs along with the Unit Level Grievance Form. Keep in mind that you are appealing the decision to the original grievance. Do not list additional issues which were not part of your original grievance as they will not be addressed. WHY DO YOU DISAGREE WITH THE RESPONSE GIVEN ABOVE?

Are you, Jason Kelley, utterly incompetent to make any reasonable judgment on your own? If Dr Daniel decided there was no medical necessity for food and water would you just obviously agree with that too? My WC is provided by the Spinal Cord Commission, and has been repeatedly confirmed as necessary by multiple specialists. This was NOT a medical decision and there are NO clinical records supporting this determination.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On March 2, 2019, you grieved Nurse Goldman did not assess you when you fell on February 28, 2019. You stated you were forced to walk out of the Day Clinic and fell in the hall. You stated Nurse Goldman did not check to see if you were okay and she sent the inmate porter to help while she stayed in the main hallway. You stated she said "It's only Bramlett" to the inmate and you feel this was deliberate.

The medical department responded, "A review of your medical record indicates on 2/28/19 Nurse Goldman noted that you fell, were offered assistance and your issue discussed with Dr. Vowell. You were not shown deliberate indifference, your accident was addressed appropriately. I find this grievance without merit."

Your appeal states it is not proper protocol to have an inmate who has fallen be moved by another inmate without being appraised by medical personnel.

A statement was obtained from Nurse Goldman denying your allegations. On February 28, 2019, Nurse Goldman noted medical was called to get an inmate that fell in the hallway and noted you stated your legs and knees gave out. She noted your complaint of wrist/arm pain and that you stated you were not wearing your brace or specialty shoes because you had not gotten them back. She noted she discussed your condition with Dr. Vowell and you could keep your wheelchair until you received your brace and shoes back, at which time you would be re-evaluated.

Nurse Goldman denies your allegations and you were seen and treated for your fall; therefore, this appeal is without merit.

INMATE'S APPEAL

If you are not satisfied with this response, you may appeal this decision within five working days by filling in the information requested below and mailing it to the Deputy Director for Health & Correctional Programs along with the Unit Level Grievance Form. Keep in mind that you are appealing the decision to the original grievance. Do not list additional issues which were not part of your original grievance as they will not be addressed. Your appeal statement is limited to what you write in the space provided below.

WHY DO YOU DISAGREE WITH THE RESPONSE GIVEN ABOVE?

It is NOT proper medical protocol to have an inmate who has fallen to be moved by another inmate without being first, at least cursorily, apprised by medical personnel.

Thank you!

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On March 22, 2019, you grieved you are being denied Gabapentin, Soma, Ampyra, and Tysabri. You stated the erratic and frequently denied treatment is detrimental to your overall health, causes you excessive pain, and allows for increased falls. You stated you would like all treatment recommended by Dr. Khaleel, Dr. Atiq, and Felix restored.

The medical department responded, "A review of your medical record indicates you are receiving adequate medical care for your condition. If you feel you need to discuss specific aspects of your treatment plan with a Provider, please utilize the sick call process. I find this grievance without merit."

Your appeal states "still same type of treatment none."

A review of your electronic medical record shows you were last seen regarding your medication requests on February 13, 2019. According to the grievance policy, an inmate has 15 days after the occurrence of an incident to file a grievance. You submitted your Step One Informal Resolution past the allotted time to grieve this issue; therefore, it will not be addressed. I encourage you to adhere to the grievance policy.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On March 22, 2019, you grieved Dr. Daniel continues to deny Gabapentin and Tramadol. You stated multiple sclerosis causes nerve pain, yet Dr. Daniel refuses to renew Gabapentin or Tramadol. You stated Dr. Khaleel, neurologist, has repeatedly expressed the need for Gabapentin but you are denied a long term pain medication despite having the progressive form of your disease. You stated you would like your needs placed above monetary concerns and to be placed on long term pain medication.

The medical department responded, "Medical Providers have the ability to make independent medical decisions based on their clinical findings. If you feel you need tramadol, please utilize the sick call process at your discretion. I find this grievance without merit."

Your appeal states you still have not received help from staff or treatment.

A review of your electronic Medication Administration Record indicates your Tramadol was discontinued due to being on Norco post port placement at the time your Informal Resolution was submitted and you have not been seen in sick call requesting Tramadol from March 22, 2019 to May 14, 2019. Gabapentin is documented as discontinued per your request on August 22, 2017. Dr. Daniel noted on March 14, 2019 while reviewing Dr. Khaleel's notes that Gabapentin is off-label for MS and will not be used.

You have been seen for your complaints and treated as deemed appropriate and clinically indicated based upon your provider's medical judgment; therefore, this appeal is without merit.

(Please Print): Multiple Sclerosis, a demyelinating disease, of its very nature, causes nerve pain. There is no sound medical opinion to the contrary, yet Dr Daniel, in accord with the custom and practice of Wellpath (to cut costs as first priority, has refused) renewal of Tramadol (or other similar medication) for more than six months and (to a patient) for a year. The latter which Dr Khaleel (neurologist and MS specialist) has repeatedly, by name, expressed the need for. Moreover, as I have the progressive form of the disease, my pain continues to gradually increase over time. I have repeatedly expressed my need for remedy to my pain to Dr Daniel and other staff. Most recently, I was told by Ms Gelman last week that Dr Daniel would provide nothing more to address my pain. Also to blame for this denial, as previously noted in OR-17-01460, is Dr Stieve who originally ordered Tramadol be discontinued. This continued denial includes refusal to even see me as with sick calls submitted on Tuesday this week. telling me to "follow the sick call procedure" is not a solution when I am refused access when I try. Please provide me necessary long-term pain medication. Place patient need above monetary concerns.

CHIEF DEPUTY/DEPUTY/ASSISTANT DIRECTOR'S DECISION

On March 22, 2019, you grieved you are being retaliated against by medical staff. You stated Dr. Daniel and Dr. Stieve have discontinued medications and denied treatment. You stated Dr. Daniel took your wheelchair on February 22, 2019. You stated you would like all forms of retaliation to cease immediately.

The medical department responded, "Your allegations of retaliation are unfounded. Your wheelchair script was discontinued due to the fact you were seen on video walking over quickly to assault another inmate. Based on the clinical data, it was determined that a wheelchair was not a medical necessity at that time. I find this grievance without merit."

Your appeal states you have not been seen or had any type of exam after you were seen by Dr. Khaleel. You state Dr. Khaleel said you must have a wheelchair along with the brace and shoes from Felix. You state you cannot make it without a wheel chair.

According to the grievance policy, an appeal cannot raise new or additional issues or complaints.

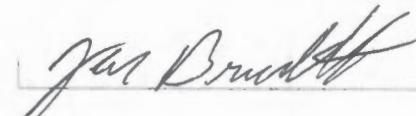

A review of your electronic medical records shows no evidence of retaliation and disagreeing with a treatment plan is not being denied treatment. If you feel your medical needs are not being met, please utilize the sick call process.

This appeal is without merit.

BRIEFLY state your one complaint/concern and be specific as to the complaint, date, place, name of personnel involved and how you were affected. (Please Print): Over the last few years, as I have complained about the treatment, — or rather denial and delay thereof — I have been repeatedly retaliated against by CCS/Wellpath medical personnel, in apparently condoned actions. Drs Steve and Daniel have discontinued medications and denied treatment known to be necessary without medical justification, without seeing me, and often at odds with the opinions of specialists for more knowledgeable about my infirmities. Most recently, on January 10th of this year Dr Daniel threatened to take away my wheelchair (provided by the Arkansas Spinal Cord Commission) despite my obvious need for it and the recommendation of Drs Atiq, Felix, Khaleel, Vowell and the AR SCC. On February 22nd he made good on this threat and ordered my wheelchair taken which very shortly thereafter resulted in a fall (see 08-19-00293). I wrote a grievance (08-19-00291) still pending. Dr Vowell then provided an inappropriately sized and difficult to use wheelchair as a stopgap until mine was returned on March 20th (though the script was renewed on 3/14/19). However Dr Vowell's intercession does not excuse this latest action by Dr Daniel intended to cause me difficulty and pain. I want this retaliation, in all forms, to immediately cease, please. Thank You.
